28th April 2019

Mr Heng Li
Department of Modern Physics
University of Science and Technology of China
No.96 Jin Zhai Road
Hefei
Anhui
China

Dear Mr Li,

In my capacity as chair of the organising committee, I am pleased to invite you to attend the 13th MCnet Summer School. The School will be held at Cumberland Lodge, The Great Park, Windsor, Berkshire, United Kingdom, SL4 2HP, from Monday 29th July to Friday 2nd August 2019, starting at 13.00 hours on Monday 29th July and ending at lunch time on Friday 2nd August.

University College London (UCL) is organising this event on behalf of MCnet, an EU Horizon 2020 funded Marie Skłodowska-Curie Innovative Training Network. I am the MCnet team leader at UCL. This School provides a five day training course in the physics and techniques used in modern particle physics event generators. The programme is aimed at early-career researchers including doctoral students and young postdocs. The core sessions comprise a series of introductory lectures, lectures on additional associated topics, hands-on tutorials and practical sessions, and evening discussion sessions with senior event generator authors. The scientific programme is available on line at: <https://indico.cern.ch/event/776026/timetable/#20190729>

Accommodation has been reserved for you at Cumberland Lodge, the venue for the School, with arrival on Monday 29th July and checkout on Friday 2nd August 2019. I confirm MCnet will pay all the local costs related to the duration of the School, including the cost of the accommodation reserved for you at Cumberland Lodge.

Please consider if you will need to arrive in the area on Sunday 28th July 2019 in order to reach the venue in time for the start of the School, and if the time of your return journey means that you will need accommodation in the area for the Friday night, 2nd August 2019.

This invitation should be attached to your Visa application which should be submitted to the appropriate UK Visa Application Centre. Further information is available at <https://www.gov.uk/browse/visas-immigration>. This site includes information about where to find a visa application centre <https://www.gov.uk/find-a-visa-application-centre>

I look forward to welcoming you to the 13th MCnet School at Cumberland Lodge, Windsor, UK.

Best wishes,

Prof JM Butterworth, Chair of the Organising Committee
